Dear South Street School Families,

I am writing to inform you of an incident that occurred today at South Street School. A fire alarm was inadvertently triggered in the faculty room because of smoke from a toaster that was being used. As part of our established safety protocols, all students and staff promptly evacuated the school. I want to assure you that at no time was anyone in danger.

First responders from the Suffolk County Police Department and Manorville Fire Department arrived within five minutes of the alarm. After assessing the situation, they confirmed that the building was safe, and students and staff were able to return to the building shortly thereafter.

Thank you for your continued support and understanding. As always, the safety and well-being of our students and staff remain our top priority.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Jackson", is written over a light blue horizontal line.
